

[ICE101] Introduction the Computer Engineering — Midterm Exam

Date: 2026-04-21

Duration: 90 min

Total: 80 pts

FULL NAME

STUDENT NUMBER

--	--	--	--	--	--	--	--	--	--

Write legibly inside each box

Instructions:

- Multiple Choice — Fill in the circle completely as shown: ● . Select only ONE answer per question.
- Multi-Select — Fill in the square completely as shown: ■ . Select ONE or MORE correct answers.
- Matching — Write the corresponding letter (A, B, C...) for each numbered item in the Answer Section.

AI-Evaluated Exam

This exam paper will be digitally scanned and evaluated by an AI system. Do NOT scratch, fold, or damage the black corner markers (◼), the QR code, or the answer boxes. Write your answers clearly and only inside the designated areas. Any damage to the markers may result in processing errors.

Question1

10 pts

What does CPU stand for?

- ☐ A) Central Processing Unit
- ☐ B) Computer Personal Unit
- ☐ C) Central Program Utility
- ☐ D) ontrol Processing Unit

Question2

10 pts

Which of the following is volatile memory?

- ☐ A) SSD ☐ B) HDD
- ☐ C) RAM ☐ D) ROM

Question3

10 pts

Which number system uses only 0 and 1?

- ☐ A) Decimal ☐ B) Binary
- ☐ C) Hexadecimal ☐ D) Octal

Question4

10 pts

What is the main function of the ALU (Arithmetic Logic Unit)?

- ☐ A) Store data
- ☐ B) Perform calculations
- ☐ C) Control input devices
- ☐ D) Manage memory

Question5

10 pts

Which language is considered low-level?

- ☐ A) Python ☐ B) Java
- ☐ C) Assembly ☐ D) C#

Question6

10 pts

Which one of them is true?

- ☐ A) RAM is non-volatile memory.
- ☐ B) The CPU executes instructions stored in memory.
- ☐ C) Binary system is base-10.
- ☐ D) An operating system manages hardware and software resources.
- ☐ E) SSD is slower than HDD.

Question7

10 pts

Match the following part.

#	Left	#	Right
1	CPU	A	Temporary storage
2	RAM	B	Brain of computer
3	HDD	C	Permanent storage
4	GPU	D	Graphics processing

SolutionArea7

Question8

10 pts

Match number systems on their base

#	Left	#	Right
1	Binary	A	Base 16
2	Decimal	B	Base 2
3	Hexadecimal	C	Base 10

SolutionArea8
